Subject: New: Medicare Part D outpatient pharmacy benefit allows 100-day supply

Effective Jan. 1, 2024, for Medicare members enrolled in Sharp Direct Advantage® plans, three-month supplies will be extended to allow up to 100 days of maintenance medication through their outpatient pharmacy benefit. This change applies to retail and mail-order supplies at all formulary tiers except Tier 5 specialty drugs, which is limited to 30 days.

What this means for you

When you are writing a three-month prescription, you can write it for up to 100 days instead of up to 90 days.

What this means for Medicare patients enrolled in Sharp Direct Advantage® plans

Members will pay the same copay for a 100-day supply as a 90-day supply. They can still fill prescriptions for 90 days if they choose.

We hope you and your patients will take advantage of this new benefit. If you have questions, please contact our dedicated prescription helpline at 1-855-222-3183 (TTY/TDD: 711). Thank you for your partnership.

Sincerely,

Zachary Contreras
Director, Pharmacy Benefits
